

# 4760NRR/STS<sup>brand</sup>

## 4.7 Maturity

- Widely adapted for light and dark soils
- Very good Frogeye Leaf Spot and SDS tolerance
- Good Phytophthora field tolerance
- Features both Roundup Ready® and STS® tolerance

|                              |          |
|------------------------------|----------|
| Maturity                     | 4.7      |
| Flower                       | P        |
| Pubescence                   | Lt       |
| Pod                          | T        |
| Hilum                        | Bl       |
| Emergence                    | 2        |
| Standability                 | 2        |
| Relative Height              | M        |

### RATING SCALE

|                      |                  |                           |                   |
|----------------------|------------------|---------------------------|-------------------|
| 1-2 = Excellent      | Bf = Buff        | G = Gray                  | M = Medium        |
| 3-4 = Very Good      | P = Purple       | R = Resistant             | MT = Medium Tall  |
| 5-6 = Good           | W = White        | MR = Moderately Resistant | T = Tall          |
| 7-8 = Fair           | Br = Brown       | TOL = Tolerant            | B = Bush          |
| 9 = Poor             | T = Tan          | S = Susceptible           | MB = Medium Bush  |
| IB = Imperfect Black | Tw = Tawny       | NG = No Gene              | MTH = Medium Thin |
| Bl = Black           | Lt = Light Tawny | MS = Medium Short         | - = Not Available |

**Monsanto Company is a member of Excellence Through Stewardship® (ETS).** Monsanto products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Monsanto's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. Commercial product(s) has been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for this product. Excellence Through Stewardship® is a registered trademark of Biotechnology Industry Organization.

**Individual results may vary,** and performance may vary from location to location and from year to year. This result may not be an indicator of results you may obtain as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible.

**ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS.** Roundup Ready® crops contain genes that confer tolerance to glyphosate, the active ingredient in Roundup® brand agricultural herbicides. Roundup® brand agricultural herbicides will kill crops that are not tolerant to glyphosate.
